Status: 10/25 • Errors and omissions excepted

Samsoft ELITE 180

Magnetic remote control
Allows you to attach it anywhere on the device.

Large lifting amplitude
from 470 to 1780 mm.

Available with electric or manual chassis spreader.

Samsoft ELITE 180

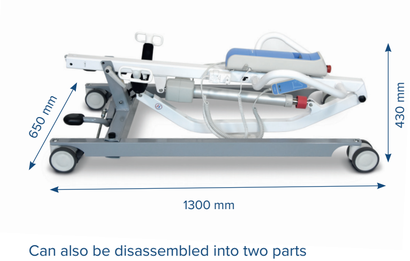

Fast folding, easy and safe

Comes standard with a mast lock/release trigger for double safety.

Magnetic system to hold and lock in rotation the cross-bar for safe transport.

Folding in seconds without any disassembly. The cross-bar is inserted into the mast using the remote control. The actuator remains fully protected by the structure. **Can be stored against the bed for space saving.**

Can also be disassembled into two parts to facilitate its transport.

Samsoft ELITE 180

Power supply box

Emergency button, positioned to prevent accidental activation.

Colour LCD display with many features:
reminder of maintenance operations, battery charge level.

Operating buttons: an alternative to the remote control.

(IPX6) waterproofing: for use in environments subject to water splashes.

Power supply

Lithium-ion battery, lightweight, durable and ultra compact.

Battery charging: on base or directly on main socket.

External charging cradle*

*sold as accessory
